Permission/Parental Slip

While it is intended that a specific permission slip be available for each event, it is not always practical due to timing and availability of information. If one is not available, this form is intended to be used and specific event information is to be written in from meeting announcements or just prior to the group leaving. A permission slip is required for all outings.

Supper is not served Friday evening at camp. Eat dinner before coming, there will only be a cracker barrel snack after arrival.

Return the bottom form as soon as possible.

I, _____, the undersigned parent/guardian of
 _____, grant permission for him to attend

_____ at _____
